Giant George joins forces with Publishing Giant, Simon & Schuster

Tucson, AZ....Guinness World Records holder, Giant George, today announced he has joined forces with Simon & Schuster to publish his memoir, *Giant George: Life with the Tallest Dog in the World*.

The memoir, which will be written by Giant George's owner, Dave Nasser, will encompass the unimaginable and amusing adventures faced while raising the world's most adored gentle giant.

Kerri Sharp, Simon & Schuster senior commissioning editor for non-fiction, acquired world rights to the memoir from Rob Dinsdale at Heather Holden Brown Agency. S&S described the book as a "hilarious, heartwarming memoir". It will be published in spring 2011.

Giant George was awarded the Guinness World Records for Tallest Living Dog and Tallest Dog Ever on February 15, 2010; the records were made public during his appearance on the Oprah Show. Since setting the records, Giant George has become an international sensation, media outlets from around the globe continue to interview and film him at his home in Tucson, Arizona.
